

# ENZ-ODOURS

Enzymatic odour neutraliser and stain remover

**ENZ-ODOURS utilise natural enzymes and essential oils to break down organic material, removing stains, masking unpleasant odours and digesting them at source.**

## ADVANTAGES

Ready-to-use in a handy trigger-spray. No time wasting mixing or mess.

The natural enzymes in Enz-Odours digest the organic material from fabric, carpets and upholstery that are responsible for creating stale and unpleasant odours.

Enz-Odours is based on a unique blend of natural enzymes, surfactants and essential oils which attack and digest residues of food, milk, vomit, and urine.

Highly effective stain remover.

Pleasantly fragranced.

## TYPICAL APPLICATIONS

- May be used to eliminate odours from carpets, upholstery, concrete and wooden surfaces in hotel's, nursing homes, pubs, restaurants, offices and vehicles.
- Provides effective control of the odour of urine from around toilets and from the misuse of public areas such as stairwells and car parks.
- Enz-Odours provides train and other public service vehicle operators the means to tackle the source of malodours ingrained into fabric seating and carpets.
- Excellent for masking and controlling odours from waste bins.
- Once applied the enzymes continue to digest waste providing effective long-term odour control.

## APPLICATION INSTRUCTIONS

Enz-Odours is intended to be used as supplied.

Where present remove excess soiling by pre cleaning the affected area.

Apply Enz-Odours, to the source of the malodour ensuring thorough and even coverage.

Allow to dry naturally.

Fabrics can be maintained in fresh condition by a light weekly over-spray.

**NB. Always pre-test a small inconspicuous area for colour fastness and compatibility prior to application.**

# ENZ-ODOURS

Enzymatic odour neutraliser and stain remover

## TECHNICAL DATA

APPEARANCE	Hazy liquid
COLOUR	Straw
ODOUR	Pleasant vanilla scent
SOLUBILITY	Completely soluble in water
RELATIVE DENSITY	0.993 @ 20°C
pH (concentrate)	7.5
PACK SIZES	750ml trigger spray

## PRECAUTIONS

Avoid contact with eyes.

## ACCREDITATIONS & REGISTRATIONS

Scientifics approved

UK Rail Industry Cat No: 007/051102

## STORAGE PRECAUTIONS

Store at moderate temperatures in dry, well ventilated area.

## HEALTH AND SAFETY

Health and Safety Data sheet available separately.
