

ACTIV

Premium ready to use powerful foaming oven cleaner

ACTIV is a ready to use, high-power, foaming oven cleaner designed to remove burnt on residues of fats and grease from ovens and other catering equipment.

ADVANTAGES

Effectively removes stubborn grease and carbon build up from ovens, griddles and cookers

Clinging foam action ensures effective cleaning

Suitable for use within catering establishments and professional kitchens

Medium to heavy duty cleaner

TYPICAL APPLICATIONS

- Activ is suitable for use within catering establishments and professional kitchens in colleges, schools and universities, industrial and public authority canteens, hotels, leisure centres and restaurants
- Effectively removes ground-in, stubborn grease and carbon build-up from cookers, cooking hobs, griddles and ovens

APPLICATION INSTRUCTIONS

Do not apply to hot surfaces.

For optimum results warm oven to hand hOT (approximately 50°C) and apply the foam evenly over the whole of the inside of the oven. Allow to work for 10-20 minutes do not allow to dry out, re-apply as required. Stubborn deposits may need to be agitated with a non-abrasive green pad or a brush.

Wipe up the loosened deposits with a damp cloth then rinse the inside of the oven thoroughly with clean hot water.

Allow to air dry before returning to service.

Do not use on sensitive painted surfaces, zinc or aluminium.

Do not attempt to use the trigger spray when the pack is inverted, as this can lead to leakage of the product. When not in use, the foam head should be set in the off position and the trigger pushed forward to prevent the possibility of leakage if the container is accidentally knocked over.
