

# DESOLVE

Granular drain maintainer and opener

**DESOLVE is a powerful and effective product which breaks up hair paper and organic residues in drains, unblocking them and maintaining optimum flow rate.**

## ADVANTAGES

Will clear hair, soapscum, fats, paper, organic debris and slime in minutes

Generates heat on dilution softening debris for rapid release

Extremely concentrated granules

Granular formulation for safe and easy dosing

Will not harm pipes, fittings, rubbers or plastics

Suitable for use in sinks, baths, showers, toilets and urinals within schools, hairdressers, hotels, businesses, sports arenas, public buildings etc

Highly economical in use

Powerful performance

## TYPICAL APPLICATIONS

- Desolve is suitable for use in blocked or slow draining drains of showers, bathtubs, drains, sinks, toilets and urinals
- Ideal for use in colleges, schools, hairdressers, hotels, institutions, leisure and sports centres, offices, public authorities, etc

## APPLICATION INSTRUCTIONS

1. Remove any excess water from the sink, urinal channel or drain.
2. Whilst holding the container at arm's length, add equivalent of 1 table spoon of Desolve.
3. Slowly trickle a small amount of water into the sink or drain.
4. Allow to work for 10-15 minutes and carefully flush with water.
5. Repeat until drain is free-flowing and flush well with water

# DESOLVE

Granular drain maintainer and opener

## TECHNICAL DATA

APPEARANCE	Granules
COLOUR	White
