

S3 SUPERMAX WASHROOM CLEANER

Universal daily washroom cleaner, descaler and sanitiser

S3 WASHROOM CLEANER is a universal daily washroom cleaner, descaler and sanitiser with a fresh fragrance, effective cleaning action for toilets, sinks, baths, showers, floors and fittings.

ADVANTAGES

Effective cleaning action for toilets, sinks, baths, showers, floors and fittings

Use daily to prevent limescale and the build-up of soap film

Safe for use on stainless steel, copper, chrome and brass fittings

Sanitising action controls odour producing bacteria, including E-coli

TYPICAL APPLICATIONS

- Use to clean washroom toilets, urinals and shower areas. Suitable for use on all porcelain, stainless steel, copper, brass and chrome, sanitary ware and fittings

APPLICATION INSTRUCTIONS

Supermax equipment system:

1. EQ423TRGYS Supermax trigger dispenser: Add 1 shot (10ml) per 500ml trigger spray to water
2. EQ423BKTYS Supermax bucket dispenser: 1 shot (20ml) per bucket for general cleaning, 2 shots (40ml) per bucket for heavy soiling

S3 One litre concentrate:

1. Apply ready to use or diluted liquid directly to the surface by trigger spray, cloth or mop.
2. Allow to penetrate soiling, agitate and rinse with fresh water where required or wipe dry with a clean cloth.

NB. Do not mix with bleach or any other chemicals.
