

S1 SUPERMAX HARD SURFACE CLEANER

A multi purpose cleaner and sanitiser

S1 HARD SURFACE CLEANER is a hard working multi purpose cleaner and sanitiser with pleasant lilac fragrance.

ADVANTAGES

Removes dirt, grease, grime and mould from a multitude of surface types.

Ideal for use on soft metal and galvanised surfaces.

Can be used with carpet extraction machines.

Violet fragrance.

Complies with BS6471 at a 1:150 dilution rate.

TYPICAL APPLICATIONS

- Especially effective in nursing homes, hospitals, hotels, schools and all areas where cleaning and sanitising is essential
- May be used to clean most hard surfaces, also suitable for use on washable fabric and upholstery surfaces

APPLICATION INSTRUCTIONS

Supermax equipment system

EQ423TRGYS Supermax trigger dispenser: Add 1 shot (10ml) per 500ml trigger spray to water

EQ423BKTYS Supermax bucket dispenser: 1 shot (20ml) per bucket for general cleaning, 2 shots (40ml) per bucket for heavy soiling.

S1 One litre concentrate

1 dose for a 500ml trigger, 2 doses per bucket for general cleaning.

1. Apply ready to use or diluted liquid directly to the surface by trigger spray, cloth or mop.
2. Allow to penetrate soiling, agitate and rinse with fresh water where required or wipe dry with a clean cloth.

NB. If applying to fabric surfaces always pre test an inconspicuous area for colourfastness before full scale application

S1 SUPERMAX HARD SURFACE CLEANER

A multi purpose cleaner and sanitiser
