

FLOOR POLISH STRIPPER

Metalised floor polish stripper

FLOOR POLISH STRIPPER has been developed for the rapid removal of metallised acrylic floor polishes.

ADVANTAGES

Rapidly removes old polish residues, dirt and grime

Concentrated

Suitable for use on vinyl, linoleum, rubber and thermoplastic tiles within schools, hospitals, nursing homes and leisure complexes

Highly economical in use

Highly effective one pass stripping

Light citrus fragrance

TYPICAL APPLICATIONS

- Suitable for use on vinyl, linoleum, rubber and thermoplastic tiles.
- Used for removing metallised polish films from floors in schools, hospitals, hotels, leisure complexes, nursing homes and retail centres.

APPLICATION INSTRUCTIONS

1. Work on one small area at a time
2. Dilute Floor Polish Stripper at 1:10 with warm water
3. Mop over floor area and leave for 10 minutes, apply more if the surface begins to dry
4. Agitate by machine or with a brush
5. Suck up residues with a floor dryer, rinse with clean water and dry again
6. For heavy polish applications or where polish has not stripped completely repeat steps 1-5
7. Rinse again with clean water adding 1 x tablespoon vinegar per bucket to neutralise the surface
8. Once dry the floor will be ready for re application of polish

Note: If a floor dryer is not available floors may be rinsed and dried with a clean mop
